

## Monarflex® EuroStrap

The durable fixing choice for white sheeting

- High strength fixing that resists stresses in all directions
- High UV resistance
- Impact resistant piercing Anchor with EPDM rubber strap
- White piercing Anchor ensures it blends in with Monarflex DigiWrap printed material or any of our FR sheeting
- Extreme holding strength - Exceeds BS7955

**Monarflex EuroStrap is a black 200mm EPDM rubber strap with a white polypropylene, high impact anchor designed to blend unobtrusively on DigiWrap printed Monarflex scaffold sheeting or any of our white FR sheeting.**

**Features & Benefits**

- The Monarflex EuroStrap is a high strength fixing accessory that resists stress in all directions due to its combination of a rigid impact resistant Anchor and EPDM rubber strap.
- The unique white piercing Anchor ensures it blends in when used with our Monarflex DigiWrap printed material or any of our white FR sheeting providing the unobtrusive fixing of extreme high strength and durability.

- The high UV stability of the EuroStrap ensures its long lasting properties are suited with our high end sheeting like our Monarflex Super T Plus material.
- The EuroStrap exceeds the requirements of BS7955 by 25% with a tested pull out strength of 750N.

**Pieces per bag:** 100 pieces.

Refer to Wind Chart Guide for more information.

**Choosing the right fixing accessory**
